Subdivision Application Form – Urban or Complex

ADDITIONAL REQUIREMENTS

At the discretion of the Subdivision Authority, additional information, plans or reports may be required to adequately render a decision on an application. These may include, but are not limited to:

- o A conceptual scheme.
- An assessment of the subsurface characteristics of the land to be subdivided, including but not limited to susceptibility to slumping or subsidence (a slope stability report where slopes exceed 15%) and depth to water table.
- Municipal Reserve calculations, detailing required and proposed MR dedications.
- Biophysical or environmental impact analysis.
- o Transportation impact analysis.
- o An assessment of emergency access requirements.
- An evaluation of the proposed servicing concept plan and the capacity of the existing infrastructure by a qualified professional.
- Existing topographic contours at specified intervals related to geodetic data, prepared by an Alberta Land Surveyor.
- Stormwater management plan.
- Historic resources impact assessment.
- o Identification of Municipal School Reserve (MSR) or School Reserve (SR).
- o Design concepts for multi-unit residential or commercial sites.
- Entrance feature designs and locations of community mailboxes.
- A written description of how the application is consistent with any applicable statutory plans or bylaws.
- A written description of how the application has met or considered the recommendations of a report prepared by a qualified professional.

As per the requirements of the *Municipal Government Act* and *Matters Related to Subdivision* and *Development Regulation*, the Subdivision Authority is required to issue an acknowledgement on the completeness of a subdivision application within 20 days of its receipt unless an agreement has been entered into with the applicant to extend this period.

If your application is deemed incomplete, an incomplete application notice will be issued indicating the outstanding documents and information to be submitted by an agreed upon date for the application to be considered complete. If the required information is not submitted on or before this date, the application is deemed to be refused, and a notice of refusal will be issued to you by the Subdivision Authority.

Once the required information has been submitted and your application has been deemed complete, PRMS must circulate your subdivision application prior to a decision being issued.

The Subdivision Authority must issue a decision on your subdivision application within 60 days unless a decision time extension agreement has been entered into.

If a decision is not rendered within 60 days or by the date specified in the written time extension agreement, you may deem your application to be refused within 14-days after the expiration of the time prescribed and you may appeal the deemed refusal.
